Christophorus Caldenbachius.

REGIOMONTI,

Typis JOHANNIS REVSNERI Anno 1647.

On ergo lentum febre languida Soli
Reddis caput, suoque fofpes abfeedit
Ergaftulo mens illa, regia Divum
Afflueta, patriasque reppetit fedes,
Præclare Zameli, tener Senatorum
Flos, corculum Phœbi ducis, tuæ dudum

Laus una Drufidos, decusq; Musarum,
Ocelle varum, quos Borufides plaudunt
Nymphæ, paterque, qua freta alta Codani
Tument fali, Nereus vago diu late
Præluftribus velis dat inclytos mundo:
Non ergo priftinus vigor redit membris,
Lethoque mergis arduæ larem mentis,
Senile corpus, totq; dotibus fœtum
Pectus riger, fibique debitum tandem
Pignus repofcit mater oranium tellus?

Qui te, quis Æfculapius latebrofo
Reducat orbe? quo citatus Alcide,
Domos filentium, pallidosque feceffus
Enabis, ævo Neftoris redonandus,
Et fecla dignus repplicare Cumæa?
Vel Æfonem Medea te novum fingat
Primos in annos, verque floridum vitæ.
Nam quod maligna Parca juf Poetarum
Inluftra quærit, flebilique trux urna
Tegit fuique, totque prorogatores
Perenne facros nominum verendorum?
Frufta proinde Delium celebramus

Raptu, lyraque gaudet, & falutares
Cubantibus certa manu parat fuccos:
Si fquameorum fulva fecla ferpentum
Vetufta quondam tegmina, & eutem fœdara
Eliminandæ prodigunt fenectuti,
Afrisque vernant flore primulo tesquis;
Si fulminantis armiger Jovis primos

Ex quo meos sperare mitius cantus,

Nosterque tanto meruit arbitro caprum,

Turbæ, suisque pristinos modos optant
Frustra choreis. volvit avido lapsu
Obitus graves Libethra, pineumque amplo
Devestit orbe verticem tibi Pindus.

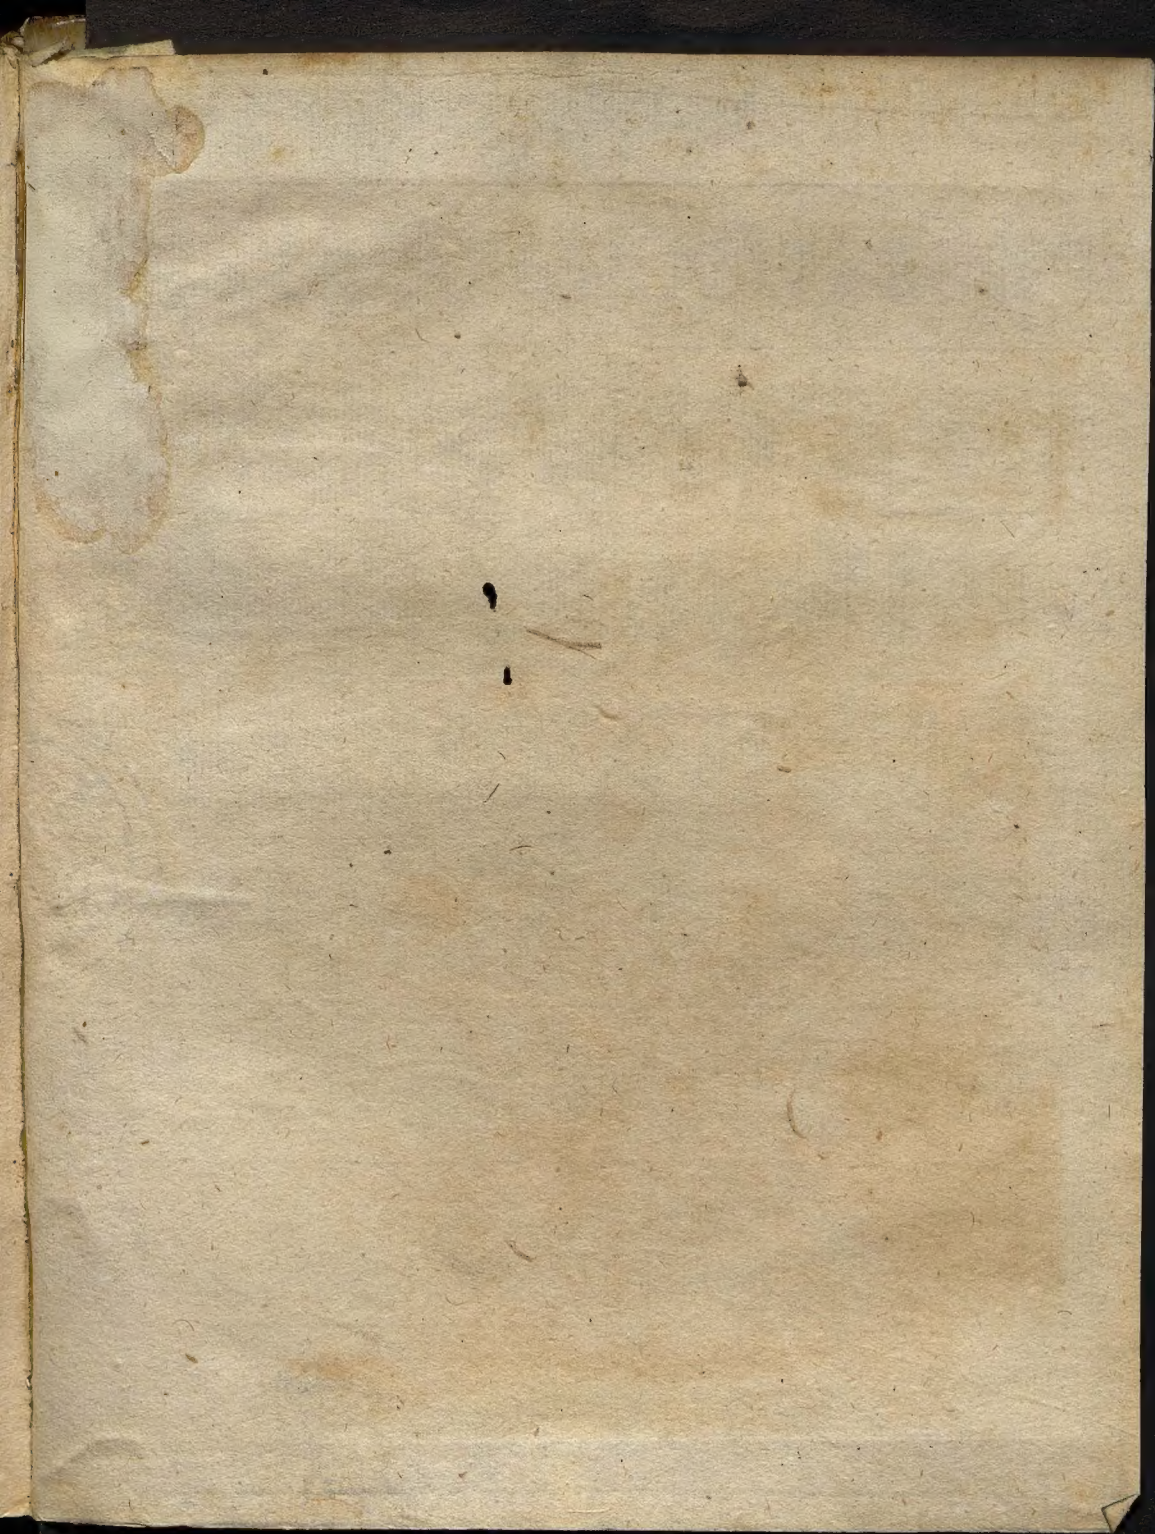

Verende Zameli, senumque, vatumq;
Honora palma, Prussiæ tuæ lumen :
Si vestra nostros audit ora plangores,
Mortaliumque condolere lamentis
Dignatur æther, quâ, novo virens seroto,
Et Delphico pulcher decore, Musarum
Alia sodalitate dulcium gaudes,
Alioque Pindo, medius inter argutos
Pars magna vates, proximeq; laudato
Junctus Sabino : cerne, quos tuæ rores
Tumbæ sacramus, mitis, & pijs casto,
Quem ferre noster unice valet mœror,
Velis litatum rite manibus versu.
Tum mollis ossa merita presset hic cespes,
Diuque, cui dux Phœbus ipse subscribat,
Dum Vandalum ferox petit Chronus pontum,
Quod jure cuncti te fatemur audire,
Borussicorum Lumen audias Vatum.
